A central graphic showing a row of twelve diverse children standing on a green patch of grass. Above each child is a thought bubble containing various educational icons: a 3D cube, a microscope, a protractor, a globe, a chemistry flask, a balance scale, a target, an atom, a pie chart, a bar graph, a pencil, and math symbols (x, =, +, -). The word 'ABC' is also visible in one of the bubbles.

Name _____ Class _____ Date _____

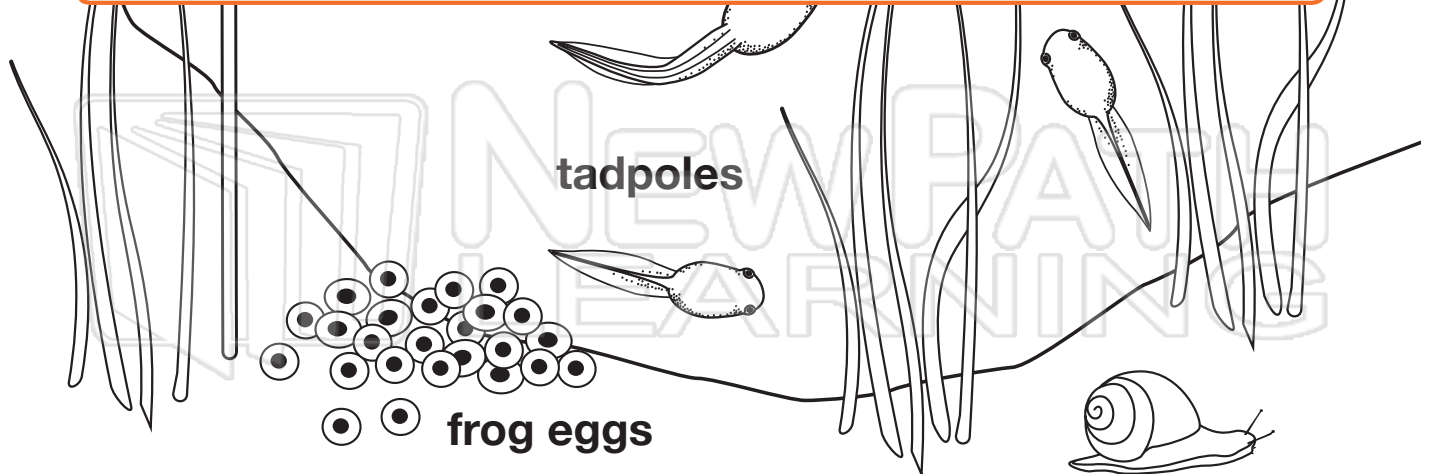

Frogs are **amphibians**. They grow from **eggs** to **tadpoles** to **froglets**. They use gills to breathe in water. As they grow, they develop lungs to breathe on land. They grow legs to use on land too!
