

Name _____ Class _____ Date _____

Is impaired driving dangerous?

Even small amounts of some drugs can have a measurable effect on driving skills. As a result, some states have **zero-tolerance laws** for drugged driving. This means a person can face charges for driving under the influence (**DUI**) if there is **any amount** of drugs or alcohol in their blood or urine.

The effects of specific drugs on driving skills differ depending on how they act in the brain.
