

## PLURAL NOUNS

### What are Plurals?

Plurals are the words that change a noun to mean more than one.

- You add s to most nouns to make them name more than one.  
Example: one tree, many trees
- You add es to some nouns to make them name more than one.  
Singular nouns that end in s, x, ch, sh must have es added to change to plural. Examples: kiss - kisses, ax - axes, ranch - ranches, wish - wishes
