

MAPS, CHARTS, GRAPHS, AND DIAGRAMS

What are Maps, Charts, Graphs, and Diagrams?

Maps, charts, graphs, and diagrams are graphics that contain information.

Tips for Reading Maps, Charts, Graphs, and Diagrams

- Notice if there is a **key** or **legend** to help you understand the map symbols.
- Read each **heading** carefully.
- Notice if the information is presented in a particular **order**, like alphabetically.
- Look for any **boldface print** or **capital letters**.
- Use **Math skills** to figure out the answers to certain questions.
