# MULTIPLICATION OF TWO DIGITS BY ONE DIGIT

## What Is Multiplication?

- Multiplication is a short way of adding or counting.

- Multiplication is a faster way of adding by using strategies to remember what different groups of each number equal.

- By multiplying numbers together, you are adding a series of one
  n

- T

## How

1.                                                                    nd

2.                                                                    the

**Example:**   $\overset{2}{19}$
              $\underline{\times\ 3}$
                  $57$

## Try This!

$\quad 32 \qquad\quad 61$
$\underline{\times\ \ 5} \qquad \underline{\times\ \ 8}$
