Fish use their fins to swim.

**What else are animal parts used for?**

An animal's skin keeps its insides safe.

 A row of ten diverse children standing on a green patch of grass. Above them are five thought bubbles containing various educational icons: a cube, a microscope, a protractor, a globe, a red flask, a globe, a pencil, a molecular structure, a pie chart, a bar graph, a calculator, and a plus-minus sign. The word 'ABC' is also visible in one of the bubbles.
