You can feel if something is cold.

NEWPATH  
LEARNING

You can feel if something is smooth.

You can feel if something is rough.

You

A banner with a light blue background. At the top, there are five thought bubbles containing various educational icons: a cube, a microscope, a protractor, a globe, a compass, a molecule, a pie chart, a bar graph, and a calculator. Below the bubbles is a row of ten diverse children standing on a green patch of grass. The word 'PREVIEW' is written in large, bold, blue and orange letters. Below it, the text reads: 'Please [Sign In](#) or [Sign Up](#) to download the printable version of this worksheet'.

You can taste food with your tongue.

Some foods taste sweet. Sugar tastes sweet.

Some foods taste sour. Lemons taste sour.

***Scientists use their senses to study the world.  
You can use your senses to study the world too!***

An illustration of a row of diverse children standing on a green patch of grass. Above each child is a thought bubble containing various educational icons: a cube, a microscope, a protractor, a globe, a chemistry flask, a DNA helix, a pie chart, a bar graph, and mathematical symbols like a plus sign, minus sign, multiplication sign, and equals sign. One bubble also contains the letters 'ABC'.
