

## U.S. CONGRESS

### What is the U.S. Congress?

Congress is the legislative branch of government. It is made up of two houses: the Senate and the House of Representatives. The capitol building is where Congress meets in Washington, D.C. People in Congress usually belong to either the Republican or Democratic party.

The number of representatives that each state gets is figured out from the population of the state. The house is led by the **Speaker of the House**.

### What can Congress do?

- make new laws
- borrow money
- declare war
- set up courts
- ratify (approve) treaties that the President makes
- confirm Supreme Court Justices
- impeach federal officials (*House of Representatives*)
- amend the Constitution

## Who can be a member of Congress?

*House of Representatives:*

- at least 25 years old
- U.S. citizen for at least 7 years
- Live in the state where elected

*Senate:*

- at least 30 years old
- U.S. citizen for at least 9 years
- Live in the state where elected

## Making Laws:

A law starts out as a **bill** that is introduced by a member of Congress. Each bill is given to one or more committees. If the committees

approve  
Congress  
reject
