

Name \_\_\_\_\_ Class \_\_\_\_\_ Date \_\_\_\_\_

**Match each of the following terms to its definition:**

Convection

Continental drift

Compression

Aftershocks

Conduction

Core

Anticline

Convergent boundary

1. \_\_\_\_\_ - the transfer of heat energy from the contact of one object to another

NEW PATH LEARNING

2. \_\_\_\_\_ - smaller earthquakes that follow a major earthquake and occur near the focus of the original earthquake

3. \_\_\_\_\_

4. \_\_\_\_\_ against e

**PREVIEW**

Please [Sign In](#) or [Sign Up](#) to download the printable version of this worksheet

6. \_\_\_\_\_ - the transfer of heat energy from the movement of currents

NEW PATH LEARNING

7. \_\_\_\_\_ - a boundary where two tectonic plates move toward each other

8. \_\_\_\_\_ - the dense innermost layer of the Earth composed of nickel and iron
