

Name _____ Class _____ Date _____

1

Chloe let out a scream. She was usually quiet, but a grasshopper had jumped onto her desk and surprised her. The substitute teacher said sternly, "That is inappropriate behavior!"

The teacher thought that Chloe screamed to cause trouble.

- A true
- B false

2

Justin and Max had been hiking for hours. Was it Max's imagination or were they walking in circles? He felt certain he had seen that mossy tree stump earlier. Max tried to remember some survival tips he had learned.

Based on this text, Max:

- A believes they are lost.
- B is trying to find another trail to hike.
- C is deciding what to eat for lunch.
- D needs to know how to build a campfire.

3

Gerry knew he wasn't very good at math. He was great in everything else in school and he tried to hide his math struggles. He would even tease others he knew weren't

4

All day Angela thought about mom and dad bringing home her newly adopted sister. Would her new sister like her? Angela hoped they would have fun together.

7

Greece. She had to make sure she set the correct return date on the machine or she really could be lost in time!

The setting of this text can be interpreted to be in the past.

- A true
- B false

10

endured coming into this country. They were treated unfairly. Their lives had turned around but she would never forget.

Sadie has mixed feelings about living in the USA.

- A true
- B false

9

The owner of the grocery store said the robbers did not leave a trace. The doors and windows showed no sign of damage. The owner's son Tim wondered, could a stranger have done it?

Tim thought maybe someone his family knew had robbed them.

- A true
- B false

William felt like the sun was setting. He had lived a good life. His two children had children. Life would be easier for them. He was mostly tired now and flooded with memories.

One may interpret that William was:

- A young, with his whole life ahead of him.
- B old, near the end of his life.
- C was a middle-aged adult.
- D sick and sometimes in a dream-like state.
